(A Govt. of India Enterprise)  
CONTRACTS DEPARTMENT  
P.O. Duliajan-786 602(Assam)**

**INVITATION FOR EXPRESSION OF INTEREST (EOI)**

**EOI NO.: OIL/PDNO/GLOBAL/EOI/O/3/2018-2019**

**Sub: Expression of Interest (EOI) for "Design, Installation, Operation and Maintenance of Sucker Rod Pumps for a period of 3(three) years in Eastern Asset Digboi Oil Field and Outlying Area Oil fields of Oil India Limited"**

**1.0 P R E A M B L E :**

OIL INDIA LIMITED (OIL), a Government of India Enterprise, is a premier oil & gas company engaged in exploration, production and transportation of hydrocarbon with its headquarters at Duliajan in the Dibrugarh district of Assam, India invites EOI from reputed and established E & P Vendor/Service Provider having experience of installation, operation and maintenance of artificial lift services, production testing services, stimulation services and other oil field related production services meeting the pre-qualification criteria as mentioned below for issue of tender documents for providing Services for design , installation , operation and maintenance of Sucker rod pumping units(SRP). The company has operating interests across the country as well as in several foreign countries. The major oil & gas producing assets of the company are located in Upper Assam Basin of North East India, barring a hydrocarbon producing asset in Rajasthan. The operational area is spread over a radius of around 60 km from field head quarters at Duliajan. Duliajan has railway and air connectivity with the nearest airport at Dibrugarh, 50 km away.

**2.0 OBJECTIVE:**

Most of the crude oil and gas produced by Oil India Limited (OIL) is from its matured and ageing fields. Revitalization of mature and ageing fields to augment production and improve recovery through various optimization studies as well as use of fit-for-purpose technology is a priority and has been applied to a number of candidate reservoirs. In such effort revitalisation of Digboi oil field and unlocking potential from outlying areas like Bogapani, Borhapjan and Samdang has been taken up as the thrust areas of the Company now. In order to enhance production /recovery from these fields workover operations has already been carried out or planned in few of its wells. Since this fields are matured fields which are also not connected to gas lift network for artificial lift, OIL intends to deploy Sucker rod pumps in few of the wells as a mean of artificial lift. OIL is therefore looking at Companies/Agencies/Firms (either single or in consortium) who have the expertise and experience in this field for design, installation, operation and maintenance of artificial lift and other production related services as mentioned in the pre-qualification criteria for supply of design, installation, operation and maintenance of at least 10(ten) SRP units for a minimum period of 3(three) years.

### 3.0 LOCATION OF THE AREA:

The company has operating interests across the country as well as in several foreign countries. However, the major oil & gas producing assets of the company are located in Upper Assam Basin of North East India, barring a hydrocarbon producing asset in Rajasthan. The operational area for installation /commissioning, operation and maintenance will be in Eastern asset of the company which is the highest producing asset of OIL in Digboi oil field and nearby outlying fields of Borhapan, Bogapani and Samdang which is approximately 90 KM from Dibrugarh Area.

### 4.0 BROAD SCOPE OF WORK:

This scope of work is scheduled for design, installation, operation and maintenance of 5(five) numbers each of sucker rod pumps { Total: 10(ten) Numbers } in category A and B wells having range of parameters as mentioned below, but not limited to the following :
