3.0 CLARIFICATIONS: Bidders to note the following **CLARIFICATIONS** pertaining to the **Annexure-IA** of the Tender no. **SDI4822P21**:

S/N	Clause No.	Query Description	Suggestions/ Clarifications sought	OIL's CLARIFICATIONS
	Technical Specs Annexure IA Special Terms & conditions ix) Documents shall be forwarded with the technical bid			
1	d) Sectional drawing showing the internals of the Fuel Scrubber.	Scope of supply does not define the requirement of scrubber	Please suggest	The scope of supply does not include Fuel Scrubber for this tender. Hence, Sectional drawing of the Fuel Scrubber is not required. Necessary amendment to tender clause has been issued vide this Corrigendum dtd 18.09.2020.
2	f) Circuit Diagram of Remote Ignition System with details of electronic components and battery.	As per tender scope no electrical components are required. All instruments work on Pneumatic principle.	Please Suggest	Though the burner management system is pneumatic type, a hand operated Pilot igniter (piezo electric type) is used to start and monitor the pilot flame and provide a supply for the main burner SDV once pilot is confirmed. So vendor has to submit detail diagram of the Remote Ignition System along with the make. No need to submit Circuit Diagram and details of electronic components and battery. Necessary amendment to tender clause has been issued vide this Corrigendum dtd 18.09.2020.

4.0 THE ABOVE IS FOR INFORMATION OF ALL BIDDERS.

BIDDERS SHOULD NOTE ALL AMENDMENTS, CLARIFICATIONS AND ORIGINAL NIT WHILE QUOTING.

5.0 ALL OTHER TERMS AND CONDITIONS OF THE TENDER NO. SDI4822P21 SHALL REMAIN UNCHANGED.
