

Placement in Japan from SDIG

A YEAR THAT ADDED A NEW MILESTONE FOR SKILL DEVELOPMENT INSTITUTE, GUWAHATI

As per directive of MOP & NG and in line with the Skill Development Institutes set up by the major Oil & Gas PSUs in the respective catchment regions of the country, Oil India Limited had set the same at Guwahati to cater to the Skilling needs of youth of the North East Region.

SDI, Guwahati is implementing fifteen (15) placement linked skill training courses including Indo-Japan Technical Intern Training Program (TITP). TITP includes multiple job roles including care Giver (Elderly Care) in Japanese Private Nursing Homes. Among all the approved job roles in TITP, care giver Job Role is high in demand owing to the ageing population in Japan.

Skill Development Institute, Guwahati (SDIG) has also set up the first ever Technical Intern Technical Program (TITP) Centre in North East at Guwahati which was launched on 3rd February 2020.

As part of the bilateral cooperation between India and Japan, a Memorandum of Cooperation (MOC) in the area of skill development, has been signed on Oct '2017. Under the initiative, Japan will accept 2+ Lakhs technical interns for on the job training for a period of 3 to 5 years from India. TITP is an important initiative to promote skill development not only for employment but also to empower youth for greater social mobility and economic advancements. The program facilitates various opportunities for Youths of North Eastern Region to work in an International environment with great exposure enabling them to learn new skills and get financial stability.

His Excellency Mr. Satoshi Suzuki, Ambassador of Japan to India visited on 03.03.2020 and interacted with TITP Students of SDIG and also motivated them for their future career opportunities in Japan.

We are happy to inform that two out of eleven TITP candidates, have been selected with regard to the interview held on 20th Nov.
